

TARGET PROFILE

Behavioral Assessments

TAKE THE GUESS WORK OUT OF HIRING!

- An economical solution with custom reports.
- Instant online results.
- Unlimited access to a job database of over 100 industry specific positions.
- No training required - comprehensive, easy to read reports.
- Results include job compatibility rating.

The Omnia® Target Profile compares candidates to benchmark target ranges from our library of over 100 general and industry specific positions.

Our state of the art behavioral assessment also gives you the option to define and customize your own target group based on proven performers in the job.

Each report includes an easy-to-read graph and a clear discussion of the candidate's strengths and challenges, enabling you to make the most informed hiring decisions.

FLEXIBLE • INSTANT • COST-EFFECTIVE

With millions of profiles analyzed, we have the industry and position expertise to consult with small businesses to Fortune 500 companies.

Our extensive experience saves you time and money by uncovering the **best "fit"** for a specific job and culture, as well as lowering your turnover rates.

The strategic alliance between screeningONE and The Omnia® Group allows you to contain all your candidate information in one location via the applicantONE ATS solution.
